

Bilaga 5: Förslag till förändringar från svenska Piratpartiet, som fastslaget på styrelsemötet i juli 2013.

Citizen participation

"citizens have the right to decide" changes to "citizens have the right to participate in deciding"

Transparency

"open government" is bumped up into its own section

The entire section "open public contracts" is stricken. If not stricken, "ie" is changed into "eg".

Open access and open data

Need to consider protection of information concerning personal privacy.

Free software

Take away the words "without restrictions".

Copyright reform

Don't focus on copyright helping creators make money - focus on the benefits free culture has on society.

In penultimate paragraph change "copyright" into "commercial copyright".

Remove last paragraph.

Patent system reform

Change "targeting living organisms" to "targeting naturally occurring living organisms".
